

Data Matrix™ Kit

Description

The Data Matrix™ Kit is an accessory which permits marking at different pressures with a single machine, without requiring intervention at the marking station. So it is possible to mark the same part at different depths.

Advantages of the Data Matrix Kit™

- Easy to use

Activated by standard digital output from the control unit.

- Easy to integrate

Delivered on a bracket – ready for fixing.

Only 2 air hoses and one connector to connect the marking station.

- Quality of the Data Matrix™ codes

Precision and quality marking of Data Matrix™ codes, while retaining the possibility for deeper marking of plain texts.

- Increased flexibility

Enables a scribing machine to mark the same part at different pressures.

- Standard

Standard Technifor accessory, available at short delivery time.

Technical features

Item code: SEOP013/223

Dimensions: 251 x 349 x 117 mm

Compatible with machines CN312Cr and CN312Sr

Marking result obtained using this accessory
